Re: Notice of Ex Parte Presentation

In the Matter of Prepaid Calling Card Services, WC Docket No. 05-68

Implementation of Section 621(a)(1) of the Cable Policy Act of 1984 as amended by the Cable Television Protection and Competition Act of 1992, MB Docket No. 05-311

Federal-State Joint Board on Universal Service, WC Docket No. 96-45

Developing a Unified Intercarrier Compensation Regime, WC Docket No. 01-92

In the Matter of IP-Enabled Services, WC Docket No. 04-36

Dear Ms. Dortch,

On Wednesday November 30, 2005, James W. Cicconi, AT&T, Inc. Senior Executive Vice President – External and Legislative Affairs, James C. Smith, AT&T, Inc. Senior Vice President Federal Regulatory and I met with Commissioner Michael Copps and Jessica Rosenworcel, Commissioner Copps' Wireline Legal Adviser. During the course of that meeting, we discussed issues related to each of the aforementioned dockets consistent with our filings in those proceedings. With respect to the *Section 621 NPRM*, we reiterated that the cable franchising obligations should not apply to IP services and that buildout requirements generally disincent carriers from

making the investment necessary to enter the video marketplace to provide a competitive alternative.

One electronic copy of this Notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Sincerely,

Robert W. Quinn Jr.
